

WASHINGTON PROGRAM IMPACTS

State Energy Efficient Appliance Rebate Program

The State of Washington conducted a nine-month, two phase program to help residents replace older, inefficient appliances with new, ENERGY STAR® qualified models. **Washington paid 41,693 rebates to its residents, representing total energy savings to the state of 35 billion Btu.** This is enough energy to power Washington's State Legislative Building for three years.

REBATE DISTRIBUTION BY ZIP CODE

The State Energy Efficient Appliance Rebate Program, part of the American Recovery and Reinvestment Act of 2009 (ARRA), provided almost \$300 million in funding to all 56 U.S. states and territories to support consumer rebate programs for efficient appliances. This funding helped consumers replace their existing appliances with ENERGY STAR qualified products. In Washington alone, the program is projected to save consumers over \$1,920,000 on their annual energy and water bills.
